Join us for a Peer to Peer event centered on the importance of building relationships during the first 90 days of the school year. By focusing on trust and connection, we can set a strong foundation for the rest of the year and beyond.

Come along to learn from peers, exchange valuable insights, and develop strategies to enhance relationship-building skills. Our goal is to create an enriching environment where everyone leaves with practical tools and renewed inspiration.

## We will cover the following topics:

- Growing Trust (Katie Wellbrook)
- Emotionally Intelligent Coaching Approach (Supriya Kotwal)
- Building and Sustaining Relationships (Kenny Hegarty)
- Building Impactful, Sustainable Change (Florence Wayas)
